One of them was made by she had forgotten her own troubles, Dr. Ricketts and the other by Mr. Grosbut soon after it resumed its look of dale of the Engineering and Mining sad calm. While she was in the Tombs Journal. The first report was made in this afternoon she opened numerous favor of the company and the other on telegrams and letters from relatives the side of the applicant. They are of and friends congratulating her upon a widely varying character and do not her defense and expressing a hope and seem to relate to the same property. wish that her freedom was near at The attorney for the applicant said that the language of the Rickett report is atmost libelous and is damaging to the mine.

Mr. Stoneman said of the Grosdale report that it is at variance with the opinion of all who had inspected the property. It stated among other things that there were great ore bodies of great richness and which could be handled at the rate of 150 tons a day. Mr. Stoneman said that he had ascertained that it would take 100,000 gallons of water dally for the handling of such a volume of ore and that there were only 8,000 gallons available daily. What good he asked could a receiver do in these circumstances. The day of miracles was over and no receiver could like Moses smite the surrounding rocks and cause water to gush forth. The greater part of the day was taken up in the consideration of these reports and Col. Fleming sald that if he were protected in his investment he would guarantee to raise \$50,000 for Everything from a Doll to a Steel the taking out of the ore described in Range and all good sensible presents. the Grosdale report and which he knew to be blocked out. There were 50,000 tons of this ore most of it ten per cent and it would net the company \$5 a ton

and so the mine could be saved. Mr. Stoneman at first said that he would accept such an arangement and BALTIG FLEET he was seconded by President Chase.

and that was tentatively consented to Preparations of the Japan-

sary information to permit our going The Russian Opinion of Japanese Vessels Near Straits Settlement.

> St. Petersburg, Dec. 22.-The anouncement that four Japanese cruisers and twelve torpedo boats are proceding west from Singapore is received here with much interest. It is not believed that such a small squadron can have been sent out by Japan with any idea of engaging in offensive operns, but it is regarded as more probable that it is the purpose of this squadron to keep surveillance over the two detachments of the Russian fleet. which are expected soon to unite in the neighborhood of Madagascar.

it is generally believed that Vice Admiral Rojestvensky intends to establish naval coaling base on some small island between Madagascar and the Philippines and that the Japanese ruising squadron is to mark the rendezvous for Vice Admiral Togo's information. The belief is expressed that Rojestvensky will be able to catch up with the Japanese scouts, which it is believed he could easily defurther downward swing in the price stroy, thereby weakening the Japanese level today, but the trading became so in the final naval engagement.

> TORPEDO BOATS ESCAPE. London, Dec. 22.-The Daily Telegraph's Chefoo correspondent reports that eight torpedo boat destroyers have escaped from Port Arthur w the last twenty-four hours he says, a severe snow storm has been raging.
